

FAMILY #2

(Information updated June 2023)

These are not descendants of Family #1.

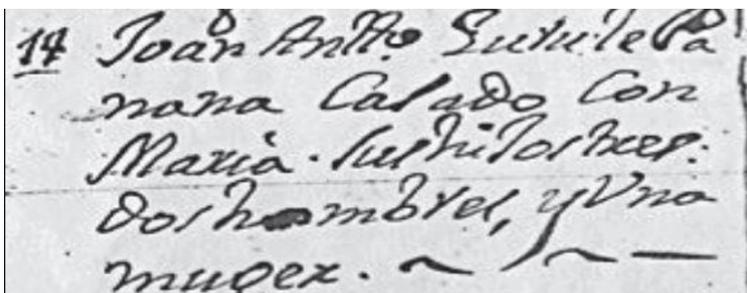

There were several other families who assumed the Gurulé surname, sometimes because they worked for the family, or for other unknown reasons.

Family #2 are the descendants of Salvador Gurulé, who was married twice. The microfilm record for his second marriage to Manuela Montoya identified him as Indian.

1750 – NM, Villa de Albuquerque

Salvador Gurulé (Coyote, 23), Manuela Martha (Coyote, 20), mother-in-law, Maria Montoya (Indian, 40)

Though not proven, there are a few who think that Salvador might be the son of Juan Antonio Gurulé (Pawnee) and his wife Maria. They are shown in the 1733 Genizaro Petition for the Sandia Tract with two sons and one daughter.

Note → each generation is indented...thus Salvador and Brianda are parents of all children with #1 by their name. Then, Francisco Juan Gurulé and Maria Antonia Montano are parents of all children with #2 by their name, and so on....
