

FAMILY #10

(Information updated March 2024)

These are not descendants of Family #1

There were several other families who assumed the Gurulé surname, sometimes because they worked for the family, or for other unknown reasons.

These are the descendants of Juan Pedro Gurulé who married Maria Manuela Silva in 1793 at Immaculate Conception Church in Tome:

26 Oct 1793 – Juan Pedro Gurulé (24), **son of Ysabel Montoya (dec.)** of Belen, married Maria Manuela Silva (19), of Belen, dau of Geronimo Silva and Cristina Pasena (both dec.).

The 1802 census shows the couple living in the Plaza de los Genizaros de Belen. As noted for Family #3, Governor Gachupin had approved the Genizaro families a grant of land at Belen, and they established the Plaza de los Genizaros de Belen.

Who is Ysabel Montoya and why wasn't a Gurulé father named in the record? Unknown, however it is Angela's belief that Andres Gurulé (from Family #7) is the brother to Juan Pedro Gurulé, and the family was first living over in the Sandia area, north of Albuquerque in Bernalillo county, and then relocated to Valencia County. Review information for Family #7 as Andres was born earlier. However, until a little more proof is found, Family #7 and #10 will remain separated even though they match on their DNA from several descendants.

Note → each generation is indented...thus Juan Pedro and Maria Manuela are the parents of all children with #2 by their name. Then, Maria Gertrudis Rafaela Gurulé and Jose Antonio Pino are parents of all children with #3 by their name, and so on....
