

FAMILY #12

(information updated March 2024)

These are not descendants of Family #1

There were several other families who assumed the Gurulé surname, sometimes because they worked for the family, or for other unknown reasons.

These are the descendants of Juan Cristobal Gurulé and Juana Apolonia Lucero. The couple's prenuptial investigation identifies him as the natural son of Elena Gurulé.

There were a few women named Elena Gurulé during this timeframe, not just the daughter of Antonio Gurulé and Antonia Quintana. Recommend you read the article by Patricia Sanchez Rau:
